Subject No. 541.

Water scarcity in the northern extension of Hassan Town.

Mr. Venkatarangaiya.

Summary of discussion.—Scarcity of water is greatly felt at the extension of the town. Until water is supplied by means of pipes, a small pond (Kola) or a well may be constructed there for the present use at Government expense.

Reply of Government.—May be represented to the Deputy Commissioner.

Subject No. 542.

Lady Apothecary at Hassan to give private visits to poor people gratis.

Mr. Chennakesavasetti (absent).
„ Venkatarangaiya spoke.

Summary of discussion.—The Lady Apothecary at Hassan demands Rs. 2 for each private visit. As poor people cannot afford to pay so much, she may be asked to give private visits gratis as she is a highly paid servant of Government.

Reply of Government.—Noted.

Subject No. 543.

A Sub-Taluk at Grama.

Mr Shanbhog Varada Iyengar.

Summary of discussion.—A Sub-Taluk may be located at Grama where Mr. T. Ananda Rao, the present Revenue Commissioner, had one established before, which was subsequently transferred to Alur. Grama is a big village having 500 houses and a population of 2,000 souls.

Reply of Government.—Noted.

Subject No. 544.

Levy of taxes on kerosine oil, jaggory, etc., in Arsikere Town.

Mr. Balawant Rao.

Summary of discussion.—To effect certain improvements in the town which are put off for want of funds, it was proposed by the Municipality to levy duty on jaggory, kerosine oil, cocoanuts and half an anna on carts coming on sante days. The resolution was submitted to President. Government may be pleased to sanction it.

Reply of Government.—The Deputy Commissioner says that the reference was not received by him. The resolution may be sent again to him.

Subject No. 545.

Cattle-pound at Arsikere.

Mr. Balawant Rao.

Summary of discussion.—A new building may be constructed for impounding the cattle as the present building is quite unsuited for the purpose. Repairs may for the present be effected to it till a new one is built.

Reply of Government.—The matter will be referred to the Deputy Commissioner.

KOLAR DISTRICT.

Subject No. 546.

Demand of contribution from raiyats for extending the bund and opening a road on Somambudhi Amanikere, Kolar Taluk.

Messrs. Suryanarayanappa and Chik Ramanna, Kolar Taluk.

Summary of discussion.—Somambudhi Amanikere is a big tank in the Ramasagara series. Demand for contribution is made for extending the bund, and opening a road thereon. The raiyats ought to be exempted from payment of contribution every time the repair is done to it.

Reply of Government.—Representations may be made to the Deputy Commissioner who will be asked to assess such demands leniently.

Subject No. 547.

Proposals for utilizing the income of Inam lands belonging to the Sreepatheswaraswamy temple on the Seethi Hill, for Rathotsavam &c.

Messrs. Suryanarayanappa and Chik Ramanna, Kolar Taluk.

Summary of discussion.—The Inam lands attached to Sreepatheswaraswamy temple on the Seethi Hill have been brought under Government management. The lands have been given out on kandayam to secure a good income. The Amildar has sent in proposals to utilize for the first

time this income towards Rathotsawam, supplemented with the contribution to be paid by devotees. He has also sent proposals in the matter of repairing the temple and of levying fees at the time of Jatra for the benefit of the temple. His proposals may be sanctioned.

Reply of Government.—The Muzrai Department will enquire and take action.

Subject No. 548.

Repairs to the temple of Surya-Mowliswaraswamy on the Hill of Handrahalli.

Messrs. Suryanaranappa and Chik Ramanna, Kolar Taluk.

Summary of discussion.—The temple of Surya-Mowliswaraswamy on the Hill of Handrahalli in the Vemagal Hobli, is in a dilapidated condition. This may be repaired by Government.

Reply of Government.—It is left for the devotees to do what they can in the matter.

Subject No. 549.

Construction of a bridge across Ksheeranadi (Palar)

Messrs. Suryanaranappa, and Chik Ramanna, Kolar Taluk.

Summary of discussion.—In connection with the opening of a road *via* Sugatur to Chintamani, about Rs. 2,000 have been spent towards the construction of 2 or 3 bridges. No bridge has been constructed across Ksheeranadi (Palar). This has to be done now.

Reply of Government.—The question will be referred to the Public Works Department for enquiry.

Subject No. 550.

Construction of a sluice to and a bridge over the channel of Somambudhi Tank.

Messrs. Suryanaranappa and Chik Ramanna, Kolar Taluk.

Summary of discussion.—The restoration of Somambudhi tank, which breached last year owing to heavy rains, is going on. Arrangements may be made to construct sluice to the channel, in the absence of which distant lands do not get water-supply. The matter was represented many a time. The bridge over the supply channel has to be reconstructed, for the convenience of raiyats for carting manure to their lands.

Reply of Government.—The question of sluices of the bridge will be referred to the Public Works Department.

Subject No. 551.

Want of pipes in connection with water-supply to Kolar Town.

Messrs. Suryanaranappa and Chik Ramanna, Kolar Taluk.

Summary of discussion.—In connection with the water-supply to the Kolar Town, only a few pipes exist in some localities. There is difficulty of water in Ammanavarapete, Fort and Brahmin streets. Pipes may be ordered to be laid in all the localities of the town.

Reply of Government.—An estimate for Rs. 5,676 for extending the pipe line in the Kolar Town has since been sanctioned. (*Vide* Proceedings No. 2484-7-100-2 Ml. of 24th September 1904.)

Subject No. 552.

Government building to Girls' School at Kolar.

Messrs. Gopala Row and Mudda Rajappa, Kolar Municipality.

Summary of discussion.—A Government building to locate the Girls' School at Kolar may be constructed.

Reply of Government.—Noted.

Subject No. 553.

Levy of dry rate of assessment on certain lands under Kolar Amani tank.

Messrs. Gopala Rao, and Mudda Rajappa, Kolar Municipality.

Summary of discussion.—The supply of water to the Kolar Amani tank being diminished by reason of the raising of the waste-weir level of the tanks above, all the lands under its atchkat cannot be brought under wet cultivation.
